EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 5, line 1, change "41" to - - 1 - -

The following is an examiner's statement of reasons for allowance:

The closest references in this case are the patents to Weaver et al, Gusakov et al, Day et al, Hon et al, Smuckler and Zenkick. Prior art does not teach the structure as recited in combination with an adhesive layer disposed on the first surface of a patient contacting member and adapted to secure the first surface to a surface of the patient, a channel defined through a stem having multiple branches emanating from the channel to distribute a release fluid over an area of the first surface, wherein the stem includes a first end portion operatively coupled to the second surface of the patient contacting member and an exposed second end portion for introducing the release fluid into the
